

# Effie's of Perth

*When You're Here, You're At Home*

*Effie and George welcome you to Effie's, Perth's finest Victorian Tearoom, where we pride ourselves on providing a high standard of service and producing our quality food and home baking on the premises.*

*All of our produce is locally sourced; our meats are supplied by 4th generation Beaton Lindsay Butchers, and our delicious salad dressing comes from Summer Harvest in Crieff; our coffee beans are roasted daily in Perth by John in The Bean Shop, all our vegetables come from Peter Martin Fruit Bazaar who have been supplying veg to the city for almost 100 years, and our fish is supplied from 4th generation George Campbell Fishmonger, landing haddock at Arbroath for over 100 years. Our crisps come from local carse potato supplied by Mackie's. Our jam strawberries are grown outside and have the taste of old fashioned jam, that your Gran used to make!*

*We look forward to seeing you time and time again!*

*You may come as a customer, but return as a friend.*

## *Peppermint*

*What's your favourite after dinner mint? Ours is a steaming cup of pure Peppermint Tea. Made with only the finest Peppermint leaves.*

## *Lemon and Ginger*

*Ginger- the knobbly spice has been used for all kinds of things. We like it best when it's blended with the taste of Lemon and steeped in hot water.*

## *Lemon Trio*

*This delicious blend is full of lemon zest. The sweet, clean scent of lemon verbena with zesty lemon peel & lemon grass, blended together to create a tangy fresh tasting lemon infusion.*

## *Blackcurrant and Blueberry*

*A delicious new infusion bursting with the mouth-watering flavours of blackcurrants and juicy blueberries. The sweet tang of lusciously plump blackcurrants lifts the blueberry flavour to create a super fruity blend.*

## *Raspberry & Peach*

*A fruity & light distillation balancing sweet peach with tangy raspberry.*

## *Red Bush*

*An aromatic drink made from the Rooibos plant, grown only in the Western Cape of South Africa. Ideal as a caffeine free alternative to your everyday cuppa.*

## *Cranberry & Blood Orange*

*Slice into a Spanish Sanguinello blood orange and you will see your very own sunset - glowing red, crimson & gold. We have paired this with the tang of cranberries - creating a blend that's positively basking in the sunshine, while still being mouth-wateringly crisp & refreshing.*

## *St Clements*

*A delightful tangy infusion blended with orange & lemon flavours - just like the old nursery rhyme! The bright orange notes work in harmony with the sharpness of the lemon flavour, creating a vibrant blend with a refreshing taste.*
